

RE-ELECT MARK CARROLL

KEEP THE RESULTS COMING!

Mark is the longest-serving and most experienced police union official in Australia – and he’s a tough campaigner.

Among his wins for association members, in addition to landmark enterprise agreements, are:

- ▶ The stolen workers compensation benefits he won back.
- ▶ The toughest-ever laws against assaults on police he secured.
- ▶ The offence of shooting at police officers he got instituted into law, with the same penalty as attempted murder.

In arenas like parliamentary inquiries, Mark shows the breadth of his knowledge and intellect and how well qualified he has been, and still is, for the job of president.

For the police officer who wants the best possible wage deal, better working conditions, the best defence against allegations of wrongdoing, there has to be results. And that’s what you get under the Mark Carroll-led Police Association.

“As someone who comes from a police family, my passion for protecting cops has been part of me from a very young age,” he says. “I saw how tough the job was on my own father.

“

So, the industrial success we’ve achieved in my 13 years as president only serves to inspire me to achieve even more.”

**Keep the results coming.
